REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or suggest a riser tensioning system comprising a sensor target; a sensor tube; and a sensing means cooperative with the sensor tube; wherein the sensor means senses a distance the sensing target moves within the sensor tube. The closest prior art, Roodenburg '232, discloses a riser tensioning system; however, Roodenburg is silent to a sensing system. Furthermore, Dean '174 and Hanna et al '809 disclose sensing means; however, the sensing means differs from that of the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
